PRESENTATION / OBJECTIVES

The language practice modules of the Summer Schools aim to help trainees build comprehension, production and interaction skills in writing and speaking. They include work on prosodic mechanisms, grammatical structures, lexical elements corresponding to the speech acts studied.

The contents defined below constitute the official training framework (in reference to the levels defined by the Common European Framework of Reference for Languages – CEFR). They do not constitute a syllabus, but define the objectives from which the French as a Foreign Language (FFL) teacher of the Carré international builds the proposed course.

CONTENTS
